

Hello, my name is Ronald Pace and I am a resident and current board member of Montclair Gardens, Inc. I currently work as a manager at the US Food and Drug Administration overseeing FDA's field operations that includes inspections of FDA regulated food facilities, recall of FDA regulated food products and food outbreak activities in NY and the New England states. I graduated from Brooklyn Technical HS and Long Island University/Brooklyn with a degree in Biology.

I've been living with my daughter at MG since 2017 and have been a board member since 2022. I am submitting my name to continue my service as part of the board of directors of MG. During most of my time as a Board member I have served as the primary point of contact for the party room, garden rental and the package lockers and currently serve as co-Vice President. I look forward to working with the other Board members to continue the improvements that have occurred over the years and tackling the big capital projects that the building will be involved with in the years to come. I appreciate your consideration for me to continue my service as a board member and to continue the progress made to improve the quality of life at MGs.
